

March 3 - 5
Dolphin Meeting
Buckhead, Atlanta

On Site Program

Customizing Dolphin for Cone Beam CT and Contemporary Philosophies of Care

Friday, March 4

1:30 - 2:50

Hope 1 & 2

Dr. Meyers has more than five years of experience in clinical practice with cone beam CT and other 3D technologies. In this presentation he will share his experience and explore:

- Contemporary concepts of care and 3D technologies, including evidence-based dentistry, minimally invasive dentistry, oral-systemic medicine, integrative medicine, health-related quality of life, cone beam CT, 3D photography, and customized appliance systems
- Combining these concepts with Dolphin software capabilities to re-envision the office tour, clinical exam, professional communications, patient communications, treatment planning, preventive care, coordinated care, and clinical case management.
